## **COVID-19 Related Guidance – Visiting Fluker Denton’s Office**

We hope this message finds you and all your family well.

In line with the evolving situation in New Zealand, Fluker Denton is requiring all visitors to our Office to be fully vaccinated against COVID-19. This also applies to our staff and contractors.

We are implementing this policy to assist us all to move safely to an environment with less restrictions for business’, communities, and each of us personally. Importantly for ourselves we have responsibilities to our staff including some that are more vulnerable to COVID-19. Without them staying healthy and well, we would be severely compromised.

### ***What does this mean for you?***

We please ask that if you are visiting our Office from now, that you be fully vaccinated. Without that full vaccination status, we unfortunately will not be able to meet with you here.

When making appointments we will discuss this with you, and for any clients not fully vaccinated, we will make alternative arrangements which we are sure will work, just in a different way.

We do thank you for your cooperation with us here, appreciating that the COVID-19 times we are in continue to be challenging for many of us. If you do have any concerns at all please call us.

We look forward to continuing our work with you and hope that matters will ease sooner rather than later.

Best wishes

John Fluker and Andrew Hyslop
